

Monterey Park Tree Memorial Award Nomination Period Now Open

Nominations for the 2020 Tree Memorial Award are now being accepted through February 28 by the Recreation and Community Services Department. The Tree Memorial Award was created to recognize individuals who have made a significant positive impact on the community.

This prestigious award is reserved for an individual who has demonstrated the highest level of community involvement and can be awarded to a person living or deceased. Nominations will be reviewed by an ad hoc committee of Community Participation and Recreation and Park Commissioners.

The committee will make their recommendation to the Monterey Park City Council. Following City Council approval, a recognition ceremony will take place, honoring the individuals with plaques installed under designated trees.

Groups or individuals who wish to nominate an individual must complete the application process. Applications are available at the city hall recreation department. For more information, please call Recreation and Community Services at 626-307-1388.

March 3 Election: Three Measures, Three Council Seats to Be Decided

All residents citywide to vote on three ballot measures. Districts 2, 3 and 4 to vote for a city council member. Votes can be cast at any LA County "Vote Center" location

The City of Monterey Park will conduct its General Municipal Election on Tuesday, March 3, 2020. The General Election is consolidated with the Los Angeles County Primary Election.

Registered voters in Districts 2, 3, and 4 will vote in their respective districts for a City Council position to serve a four-year term ending in March 2024; and all registered voters will vote for three ballot measures:

- Measure GG – General Tax Proposition (Sales Tax)
- Measure HH – Advisory Sales Tax Proposition
- Measure II – Land Use Element Proposition – to view the Monterey Park 2040 Land Use Element, visit www.montereypark.ca.gov/MPKLUE or contact the City Clerk's office and a copy will be mailed at no cost to you.

Note: Two years from now, in March 2022, registered voters will vote in their respective districts for a City Council position in Districts 1 and 5 to serve a four-year term ending in March 2026; and all registered voters will vote for a City Clerk and a City Treasurer to serve a four-year term ending in March 2026 and for any proposed ballot measures.

Additionally for the March 2, 2020 election, Los Angeles County will transition from polling places to vote centers. This new model will allow voters to vote at any vote center location in the County over an 11-day period. The Vote Center Placement Project's (VCPP) core mission is to identify and place accessible and convenient vote center locations throughout Los Angeles County.

Key Dates

- February 3 through February 25, 2020 – Voters may request for vote by mail ballots.
- February 18, 2020 – Last day to register to vote. Voter registration forms are available in the City Clerk's office.
- February 22, 2020 – Vote Centers open for early voting. For a list of Vote Centers, please visit the LA County's website at www.lavote.net.
- March 3, 2020 – Vote Centers are open on Election Day from 7 a.m. to 8 p.m.

To find your district, to obtain additional election information, or if you desire a copy of the ordinance or measure, please visit www.montereypark.ca.gov/election2020 or contact the City Clerk's office at mpclerk@montereypark.ca.gov or at 626-307-1359.

Monterey Highlands FIRST Lego League Teams Win Again

By Kelly Tong, Parent Volunteer and Coach

For the second year in a row, two Monterey Highlands Elementary School FIRST (For Inspiration and Recognition of Science and Technology) Lego League teams qualified for the LA Region Championship Tournament for the top 18% best teams in the region. Three Highlands teams, with new and returning members, competed at the Cal Poly Pomona Qualifier Tournament on November 16, 2019. The Brainy Bots and Dream Team advanced to the next level of competition in mid-December and the Brainy Bots came home with the 1st place trophy for Robot Design and a 3rd place finish in the Robot Game. Although both teams fell short of reaching international competition, the students continue discover new skills and look forward to next season.

The Brainy Bots, with 6th and 7th grade members Gavin Chan, Jacob Chow, Sonia Hinojosa, Nicholas Jung, Kristine Sy, and Justin Wong, also won the “Best Presentation” award in their earlier Blockhead Bash Rewind tournament in October. As part of their project, the defending champions presented their Innovative solution of the BBSS (Brainy Bots Street Sweeper) to Athens Services Street Sweeping Division, City of Monterey Park elected officials and City of Alhambra Mayor Ross Maza and Vice-Mayor David Meija.

The Dream Team, with 5th, 6th and 7th grade members Ethan Amaro, Raelene Aragon, Sarah Duong, Hannah Lee, Nicholas Villasenor, Chelsea Chien and Gabrielle Wong, were excited with their 5th place robot game finish at the Qualifier. At the Blockhead Bash Rewind Tournament in October, the Dream Team brought home two trophies, one for their Innovative Solution of a robotic storm drain cleaner and a 2nd place robot game finish.

During the competition, the teams presented research on a problem with a building or public space in our community. The teams are judged on their project and solution, robot design, and application of Core Values. The Core Values are FIRST philosophies encouraging participants to pursue discovery, innovation, inclusion, impact, teamwork, and fun in the spirit of friendly competition. Members also built, designed, and programmed a robot using LEGO Mindstorms to complete a series of missions on a table top playing field. “Our favorite core value is Fun because even though we are learning and working, we are hanging out with our friends,” explained Brainy Bot Nicholas Jung.

Top Row (L-R) (Dream Team) Ethan Amaro, Nicholas Villasenor, Gabrielle Wong, Raelene Aragon, Hannah Lee, Sarah Duong, Chelsea Chien, (Brainy Bots) Kristine Sy, Nicholas Jun, Jacob Chow, Justin Wong, Gavin Chan, Sonia Hinojosa. Bottom Row (L-R) (R Squared) Alexander Song, Kiera Chan, Sophia Duong, Jolene Kwan, Katelyn Kwan, Aditya Kumar, Diego Ruiz, Jacqueline Villasenor, Cesar Osorio.

The 2019-20 “City Shaper” season started for the students in April by researching city issues, interviewing Los Angeles Civil Engineer Matt Masuda, learning robot coding, and visiting the La Kretz Innovation Campus. With the guide of their volunteer coaches, the students met twice a week starting the first day of school to conduct research, develop their solution, prepare and practice presentations, and build and program their robots. The students also worked together to actively fundraise to pay for their equipment, team registration and tournament fees. Through generous donations from Raytheon and the Alhambra Nursery Foundation, Monterey Highlands was able to expand the program to a third team, R Squared. Although R Squared did not advance, the team is proud of their 15th robot game finish and their accomplishments.

We Proudly Guarantee the Quality of Our Work

Night Sky Report

By David Nakamoto, Los Angeles Astronomical Society

Nights are still long as the Sun sets around 5:30 p.m. Venus is low in the southwest, the only easily visible planet left in the evening skies. It is extraordinarily bright, but this is nothing compared to what it will show in a few more months. Through a telescope, Venus appears as a slight gibbous phase, just like the Moon does, but it is a lot smaller than the Moon, so magnifications of over a hundred are needed to see it. Alas, this is the only thing you'll see on Venus, because it is completely shrouded in clouds, so it presents a blank white disk. Still, seeing our closest planetary neighbor is worth a look.

Mercury puts in an evening appearance around the middle of the month, although it is a lot lower in the west than Venus is, setting around 6:50 p.m. after the Sun on the 14th. It'll be about ten degrees above the horizon, about the width of your hand held horizontally. Mercury is also at half phase, like Venus, but not for long. You only have a week before and after the 14th to see it before it becomes too low in the sky, and even then you may need a pair of binoculars to spot it. To see its disk you'll need a telescope with 100x magnification.

Of the bright stars, on the 15th around 6 p.m. you'll see Capella high overhead, orangish Betelgeuse towards the south, and white Rigel further to the south. Sirius, the brightest star in the sky, is the sparkling one in the southeast. It often throws colors around, reds and greens mostly, as the earth's turbulent atmosphere breaks up its light. Being the brightest star in the sky, Sirius is affected by this more than most. Along the horizon to Sirius' left is Procyon, also white in color. Above Procyon are the bright star of the constellation Gemini, Castor being the fainter one, and Pollux alongside it.

The moon always presents a fascinating and ever changing panorama of shifting shadows and differences in greys across its surface, especially along the line between lunar daylight and night, known as the terminator long before a certain Austrian made that word famous. The Lunar Cycle for February is: First Quarter – 1st; Full Moon – 8th; Last Quarter – 15th; New Moon – 23rd.

The Orion Nebula is still the deep sky object most beginners see first, due to their receiving telescopes and binoculars as Christmas presents. It is roughly between Betelgeuse and Rigel, south of the three stars forming Orion's belt, and south of there along a line of three much fainter stars forming the sheath of his sword. Even binoculars will show it as more than a star, and larger telescopes will show more, but don't expect to see it as it is in the photographs. Photos of any object in the night sky are not what the eye sees. Planets are not as garishly colored, show as much detail, or appear as sharp. Deep sky objects like the Orion Nebula are never as bright or as have high contrast. But what the eye can do is pick out subtle details, like patterns in a cloud.

For those without telescopes, the Los Angeles Astronomical Society (LAAS) operates the Garvey Ranch park observatory, located just off the park's east parking lot. It's open to the public every Wednesday night from 7-9:45 P.M. except for certain holidays. The observatory has an 8-inch wide 9-foot long refracting telescope to look through, weather permitting, along with a 4-inch scope used to image objects. People often set up their own telescopes out on the lawn beside the observatory. There's a telescope making workshop on the ground floor, with instruction provided on how to make your own. Volunteers from the LAAS members are ready to provide advice and knowledge on all things astronomical, and perhaps on a few other things with a little coaxing. All of this is free of charge. So drop on by and bring your curiosity and sense of adventure. More info is available at www.laas.org; www.facebook.com/losangelesastronomicalsociety; or 213-673-7355. Garvey Ranch Park is located at 781 S. Orange Avenue, Monterey Park, CA 91755.

1,000 Books Before Kindergarten
The 1,000 Books Before Kindergarten program encourages parents and caregivers to read 1,000 books with their child before he or she enters school -- a goal experts say helps prepare children to be successful readers once they enter school. Reading to children helps develop important literacy skills that provide a solid foundation for learning and academic success. To participate:
1. Sign up at the Children's Desk of the Monterey Park Bruggemeyer Library to receive a 1,000 Books Before Kindergarten reading log and tote bag.
2. Read together and write the titles on the reading log. If you read a book more than once, you can record it each time. Books read at library storytime, at daycare, or books that are read by others to your child also count!
3. After each 100 books, bring your reading log to the library to:
• Place your name on our Readers Board.
• Collect your next reading log and receive a prize.

LAMP Literacy & Citizenship Program

Free LAMP Literacy & Citizenship Program Change Your Life
Literacy for All of Monterey Park offers classes in English as a Second Language, Citizenship Preparation and One-to-One Literacy Tutoring for FREE.

LAMP offers a class for every level of learner who wants to improve using English as a Second Language. Learners work on listening, speaking and writing in English. Adults who already speak English easily and without help in everyday life can improve their reading and writing skills even more with One-to-One Tutoring. Students who speak English as their first or second language may enroll in One-to-One Tutoring. One-to-One is individualized and includes a personal learning plan to reach goals that the learner chooses. Citizenship Preparation classes are for individuals who would like to become new citizens. Students learn about American History, Government and Civics to pass the naturalization test. Students who are already in a LAMP Citizenship class can receive extra coaching for the interview and sign up for a practice Citizen Interview Test after they receive an interview appointment notice.

Monterey Park residents have top priority on the waiting list. All students take a pre-test to determine their skill level and to help place them in the class that is best for them. Students need valid personal identification with photo, residence verification, and a library card when they enroll. Please contact the LAMP office at (626) 307-1251 or email lamp@montereypark.ca.gov if you have any questions.

Join the LAMP Team of Volunteers! Help a Neighbor Change their Life
Would you like to give back to the Monterey Park community? LAMP is looking for compassionate people who speak, read, and write English very well and are interested in tutoring adult learners. No experience is required. Positions include One-to-One Tutor, Small Group English as a Second Language Instructor, Large Group English as a Second Language Instructor and Small and Large Group Citizenship Coaches. On-going training and coaching is provided for all volunteers. You will make a difference! Help change someone's life forever. Contact Jose Garcia at (626) 307-1251 | jgarcia@montereypark.ca.gov or Mary Pat Dodson at (626) 307-1492 | mpdodson@montereypark.ca.gov for more details.

Local Optimist Club to Sponsor Student Essay Contest

By David Barron, Monterey Park LAMP Optimist Club

The LAMP Optimist Club is encouraging area students to contemplate the phrase “Is Optimism the Key to Achieving the Dreams you iMagine?” as part of the Optimist International Essay Contest for the 2019-20 school year.

The Optimist Club will judge the local students’ essays, based on the theme of “Is Optimism the Key to Achieving the Dreams you iMagine?” and determine the top winners. Winners will receive prizes and the winning essays will be sent to the district level where \$2,500 college scholarships are available for top winners.

“Young students today have so many fresh ideas about the world and their future,” Club Essay Chair David Barron said. “As Optimists, it is our goal to encourage them and do what we can to bring out the best in each of them. This gives them a wonderful opportunity to tap into their creativity and pursue possible scholarships at the same time.”

LAMP Optimist has been participating in the Optimist Essay Contest for 20 years and has been active in the community since 1967. Other programs and service projects that the Club is involved in include an Oratorical Contest, scholarships and mentoring youth groups.

Students wishing to participate in the essay contest can find out more about the contest by contacting the club at 626-572-7450. Contest applications are also available in the Optimist International website at www.optimist.org. Deadlines for club entries is February 15.

Optimist International is one of the world’s largest service club organizations with 80,000 adult and youth members in 2,500 clubs in the United States, Canada, the Caribbean, Mexico, and throughout the world. Carrying the motto “Friend of Youth,” Optimists conduct positive service projects that reach more than six million young people each year. To learn more about Optimist International, please call 314-371-6000 or visit the organization’s website at www.optimist.org.

Youth Volleyball in Monterey Park

By Veronica Sanchez, United States Youth Volleyball League

The United States Youth Volleyball League (USYVL) registration for the 2020 spring program in Monterey Park is open. The instructional volleyball league will provide boys and girls ages 7-15 the opportunity to learn and play volleyball in a fun, safe, and supervised environment.

The eight-week developmental league provides participants instruction twice per week that is designed to teach basic volleyball skills in a positive environment. The program is structured around the principles of participation, teamwork, skill development, sportsmanship, and fun. Practices and games operate in a coed format and offer participants the opportunity to develop self-esteem and confidence.

USYVL’s Monterey Park league will begin Tuesday, April 7, 2020 and run through Saturday, June 6, 2020 at Barnes Park in Monterey Park. Practices for the league will be held on Tuesdays 6-7 p.m. and Saturdays 9- 10 a.m. Registration for participants is currently available online at www.usyvl.org. The registration price includes a volleyball, t-shirt, and end of season participation award.

For information on registration, programs, locations, schedules or volunteer opportunities visit www.usyvl.org, call 888-988-7985 or email info@usyvl.org.

Alhambra Council PTA Celebrates Founder’s Day and Parent Volunteers

By Toby Gilbert

The annual Alhambra Council PTA Founders’ Day and Awards Celebration is slated for Friday, February 28, 2020, at Almansor Court from 6:00 pm to 11:30 pm. Not only does the event celebrate the founding of PTA, it recognizes the many remarkable PTA parent volunteers who make such a difference. In addition, the event serves as an annual fundraiser. There will be silent auctions, opportunity drawings, casino night, photo booth, and dancing. The monies raised will go towards subsidizing a \$500 scholarship for one student at each of the local area high schools. Tickets are \$50 and are available through the PTA at each AUSD school. Those unable to attend can make a donation by contacting the school PTA president.

Studies confirm that parent engagement enriches the school experience for all students. Parents who would like to join the PTA can find the link on each school website.

Ramona Elementary School parent, Matthew Franco and his son, Franco, were honored on December 10, 2019 by the AUSD Board for paying all the unpaid lunch balances for the year for Ramona students. Mr.Franco said he made a commitment to give back — and to teach his son to help others in need of a helping hand — after he was able to recover from an accident that left him paralyzed.

L to R: AUSD Superintendent, Denise Jaramillo, AUSD Executive Director of Food +Nutrition Services, Vivien Watts, Ramona parent, Matthew Franco, and his son, Rocco.

Garfield School Welcomes Back Steve Padilla

LA Times Editor + Turnaround Arts CA Visiting Artist

By Toby Gilbert

The students at Garfield Elementary so loved their day with Steve Padilla, AUSD alum, Turnaround Arts CA visiting artist, nationally revered wordsmith, and Los Angeles Times “Column One” editor, that they have been writing him letters since September 2018 to ask when he will return.

They remember that Mr. Padilla, an accomplished tenor, broke into the “Streets of Laredo” to give students a surprise lesson in good storytelling. He made them laugh when he read his funny poem, Ode to the Mosquito, written for the Alhambra High School literary magazine, when he was a student, to show that stories are all round us, waiting to be told. Mr. Padilla reminded the multilingual, multicultural Garfield students that when they speak two languages, they have double the power, emphasizing that the Los Angeles Times prizes and hires bilingual reporters,

Garfield students are excited to learn that Mr. Padilla is returning in February 2020 (exact date is not set at press time) to mentor student writers and future journalists with his signature storytelling and writing tips performance theatre. A testament to and an advocate for the lifelong gift of arts education, Mr. Padilla says the skills he gained from being an AHS drum major, and acting and singing in school musicals are skills he uses every day in his work as editor.

“Arts education teaches essential life skills like teamwork, focus, and empathy and builds a sense of belonging and equity that is foundational for students to flourish,” agrees Malissa Shriver, co-founder of Turnaround Arts CA, and nationally recognized arts education advocate.

“Steve is the ideal artist for our Alhambra Unified Turnaround Arts CA school. As sixth grade student at Ramona Elementary School, he started a newspaper, long

Turnaround Arts CA visiting artist, Steve Padilla, Los Angeles Times “Column One” editor and AUSD alum, will return in February 2020 to Garfield Elementary to coach student writers. before becoming an editor at the LA Times. Steve is also a musician who started out playing French horn at the all-city orchestra, which rehearsed at Garfield Elementary School,” explains Ms. Shriver. “In addition to his editing life, he plays various instruments and sings tenor with the Los Angeles early music chamber ensemble, Jouyssance. Pasadena Tournament of Roses in Association with Honda Underwrites

Alhambra Unified College and Career Field Trips

“ I really enjoyed this field trip, I really learned a lot and I’m definitely gonna apply to University of La Verne!” Melissa Silva, Alhambra High junior

By Toby Gilbert

— As part of a community commitment to enlarging opportunities for post-secondary education, the Pasadena Tournament of Roses, in association with Honda, provided an \$8,000 donation to the AUSD Career Technical Education (CTE) program to fund college and career field trip experiences.

These high school field trips are to 2-year and 4-year post-secondary institutions and apprenticeship programs. The goal is to expand the exposure students have to learn first-hand about the variety of campus options and particular programs and services available. Studies show that middle school and high school students who visit college campuses and apprentice programs are more likely to apply and more likely to graduate.

Mark Keppel High senior, Brianna Avila, agrees, “Going to the University of La Verne’s campus amplified my hopes for coming to the school, and hearing about all the opportunities like choir and the study abroad program made me even more excited to apply — and hopefully, get accepted.”

Yared Andrade, a San Gabriel High 12th grader, is another student who loved her field trip, “My experience at La Verne was fantastic thanks to the people who are there. Once you arrive, you feel welcome and they help you with any questions you have.”

Crystal Pham, is a 12th grade Mark Keppel High student whose comments echo what studies show about campus visits, “The field trip to Cal State University Long Beach gave me insight about the campus life and resources that I would never have been able to get from online researching. The hands-on experience in the Marine Biology department was a good chance for me to learn more about the school’s learning environment.”

Alhambra High senior, Darlene Lizama, who visited CSU Long Beach, has a request, “Add more field trips because it’s easier for us to visit the campus and get an idea of the college.”

All field trip visits include a campus tour. The UC Irvine visit also included an information session at the School of Business, Social Ecology and the School of Nursing. At CSU Long Beach students had an art department tour, visited the Marine Bio lab and sat in on an information session for the School of Engineering.

The University of La Verne visit included a student panel, while the Cal Poly Pomona visit included info sessions at the College of Engineering, Science and Business Administration. At Cal State Fullerton, students had a housing tour. UC Riverside offered a general info session and a tour of the Recreation Center.

A January 15, 2020, field trip is planned to UCLA. Possible 2020 trips may include Electrical Training Institute, Rio Hondo College, East Los Angeles College, Glendale City College, Cal State Northridge, and LA Trade Tech. Each of the three high schools has a CTE counselor to work with their students and every school has an Instagram account where students can learn more and sign up for campus field trips.

Thanks to the generosity of the Pasadena Tournament of Roses, in association with Honda, Alhambra Unified students at three high schools are able to go on college campus and apprenticeship school field trips. Mark Keppel High students recently visited the campus of the University of La Verne and had enthusiastic reactions to the experience, with two seniors saying they would apply as a result of the visit.

Elecciones del 3 de marzo: Tres Medidas, Tres Puestos del Concejo Serán Decididos

Todos los residentes de la ciudad votarán por tres medidas de la balota electoral. Los Distritos 2, 3, y 4 votarán por un miembro del concejo. Los votos se pueden depositar en cualquier local del “Centro de Votación” del Condado de Los Angeles.

La Ciudad de Monterey Park llevará a cabo la Elección Municipal General el martes, 3 de Marzo del 2020. La Elección General estará consolidada con la Elección Primaria del Condado de Los Angeles.

Los electores registrados en los Distritos 2, 3, y 4 votarán en sus respectivos distritos por un puesto en el Concejo Municipal para servir por un término de 4 años que termina en Marzo del 2024; y todos los electores registrados votarán por tres medidas de la balota electoral:

- Medida GG – Proposición de Impuestos Generales (Impuesto sobre las Ventas)
- Medida HH – Proposición Asesora de Impuestos sobre las Ventas
- Medida II – Proposición del Elemento del Uso de la Tierra – para ver el Elemento 2040 de Monterey Park del Uso de la Tierra, visite www.montereypark.ca.gov/MPKLUE o póngase en contacto con la oficina del Secretario Municipal y se le enviará una copia por correo sin costo para usted.

Nota: Dentro de dos años, en marzo del 2022, los electores registrados votarán en sus respectivos distritos por un puesto en el Concejo Municipal en los Distritos 1 y 5 para servir por un término de cuatro años que termina en marzo del 2026; y todos los electores registrados votarán por un Secretario Municipal y un Tesorero Municipal para servir por un término de cuatro años que termina en marzo del 2026 y por cualquier medida propuesta en la balota electoral.

Además, para las elecciones del 2 de marzo del 2020, el Condado de Los Angeles pasará de los lugares de votación a centros de votación. Este nuevo modelo permitirá a los electores a votar en cualquier centro de votación en el Condado durante un período de 11 días. La misión principal del Proyecto de Colocación del Centro de Votación (VCP) es identificar y ubicar locales para centros de votación que sean accesibles y convenientes en todo el Condado de Los Angeles.
